Supporting, connecting and empowering women in business

Join Enterprising Women

The award-winning business community of over 45,000 female entrepreneurs in the UK
Our only purpose and passion – is to promote, inspire, support and connect women in business

www.enterprising-women.org
Do you want to build business relationships and raise your business profile?

Do you need effective support to help grow your business?

Do you want to be part of a vibrant and dynamic nationwide business community?

Then start by joining Enterprising Women today!

Since 2006, Enterprising Women has been working to stimulate and unlock the economic potential of women’s entrepreneurship from start-up to high growth. Our award-winning community combines the best of a national organisation with a vibrant and growing network of local business clubs.

If you are looking for ways to...

• Build business relationships and raise your business profile
• Overcome personal/business barriers to sustainability and growth
• Promote your business to over 45,000 enterprising women across the UK
• Be part of a vibrant community of business women and share and solve challenges
• Get practical, high quality support and training
• Grow your skills, confidence, connections, expertise and business
• Keep informed with the latest business news and information

Our work has been honoured as National Best Practice for supporting SMEs by both the UK government and by the European Commission. Our founder, Bev Hurley CBE, is a holder of the Queen’s Award for Enterprise Promotion and a national Women’s Enterprise Ambassador. Her presence on several policy-making and government boards ensures your voice goes straight to the heart of government to help secure more effective support for business women.

Becoming a member of Enterprising Women will give you the following:

• A trusted peer-to-peer support network at local, regional and national level
• Guides, resources and discounted access to our e-learning programmes
• Access to experienced business mentors, hand-picked to match you and your needs
• PR and profile-raising opportunities – using our social media channels, becoming Woman of the Week and responding to national media calls
• Access to practical, high quality and effective training and conferences
• Business development through connections to new partners, collaborators, distributors and suppliers across the UK and internationally
• Hosting or being part of our local business clubs for support, motivation, inspiration and exchange of ideas
• Opportunity to become a paid mentor as part of our leading training programmes

Membership costs just £95 (+VAT) a year. We are a not-for-profit organisation, and devote any surplus towards delivering additional value to members and supporting the local Business Club hosts and groups. It’s a small investment that reaps big rewards!
Look at what our members say!

We are helping women at every stage of their enterprise journey

“The Growth Programme has enabled me to take time out to evaluate my business and my own role within it. The excellent presenters provided great tips, ideas and getting out there and meeting other really inspiring local women in business has been wonderful. We have been able to exchange views and issues in a confidential environment which has been unbelievably helpful.”

Amanda Barlow, Spiezia Organics

“Some time ago I was lucky enough to get some mentoring arranged by Enterprising Women. It exceeded my expectations. I enjoyed access to a fellow professional to bounce ideas off in a structured manner to progress my business. It has helped me think outside the box, and gain a new sense of direction.”

Juliet Adams, Director of A Head for Work

“I have appreciated the company, knowledge sharing and dynamism of the other ladies within the Enterprising Women group. Hearing from the voices of experience gave me confidence in what was being delivered, and sharing knowledge with the other women was highly beneficial to me.”

Annabelle Sylvester, Port Gaverne Hotel

“As a businesswoman, I was met with some prejudice in the early years as I was a working mum and it did not suit everyone around me, but I ignored them. Becoming a member of Enterprising Women has given me greater confidence, alongside training and meeting other like-minded women who face similar problems. I know Enterprising Women is there when I need support and advice.”
